

McAfee®

Internet Security 2009

Comprehensive, Easy-to-Use PC and Online Protection with Powerful Web Site Safety Advisor

With the daily emergence of new and more sophisticated Internet threats that could disrupt your digital life, you need more than a simple anti-virus program to protect yourself, your computer, your identity and your family. You need McAfee® Internet Security 2009 – comprehensive, feature-rich, and simple-to-use security software.

New Product Features for 2009

NEW! Simplified Set-up—Installation is now easier and faster with improved detection and removal of malware that tries to halt the set-up

NEW! Enterprise-class Anti-spam—Powerful industry-grade spam protection helps keep your inbox free from unwanted, fraudulent, offensive, and phishing emails.

NEW! QuickScan—Checks for threats in the areas of your computer that are most often attacked

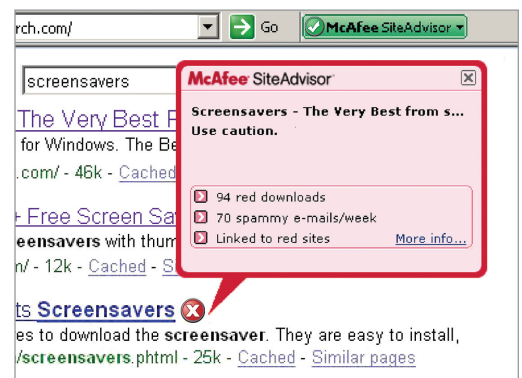

NEW! Friendly Alerts—Provides you with easy to understand alerts regarding your protection

NEW! Age Appropriate Searching—Automatically sets the proper content filtering levels of popular search engines

When using popular search engines, McAfee SiteAdvisor's safety ratings appear next to your search results. To see more information about the web site, roll your mouse over any SiteAdvisor safety rating.

Key Product Highlights

- **Anti-virus/Anti-spyware**—Detects, blocks, and removes viruses, spyware, and adware
- **Anti-phishing**—Alerts you to web sites that may try to steal your identity
- **Identity Protection**—Helps you to shop, bank, and trade online safely
- **Two-way Firewall Protection**—Confidently use the Internet 24/7 knowing hackers can't get access to your PCs
- **McAfee SiteAdvisor®**—Warns with color-coded ratings about unsafe web sites

Other Product Features

- **McAfee SecurityCenter**—Provides an easy-to-read security status screen and puts you in control with fully customizable options
- **McAfee SystemGuards**—Warns you when your computer shows specific behaviors that may signal virus, spyware, or hacker activity
- **Stealth Mode**—Makes your computer invisible to intruders from the Internet
- **Shredder**—Allows you to effectively remove any and all traces of confidential files from your computer
- **Parental Controls**—Allows your children to go online safely at times that you define
- **Data Backup**—Automatically saves copies of your most valuable files on a CD/DVD, USB, external, or network drive
- **Protection without Interference**—You can watch movies or play games uninterrupted as McAfee security service intelligently defers tasks, updates, and alerts when you're in full-screen mode

Easy-to-use, intuitive “security console”

Note: An Internet connection is required to install this security software and to receive automatic updates and upgrades to keep your protection current.

The McAfee Advantage

McAfee’s security products use award-winning technology, are easy to install, and come with unlimited email and chat assistance. With continuous and automatic updates, McAfee helps ensure that you are always running the most current security to combat the ever-evolving threats on the Internet for the duration of your subscription.
