# McAfee® VirusScan® Plus
## with SiteAdvisor™
## AntiVirus, AntiSpyware & Firewall
### Essential & Proactive PC Protection

**With the daily emergence of new and more sophisticated Internet threats, you need more than an anti-virus program for protection. You also need a guide to help you avoid online attacks that target you, your computer, your identity and that could disrupt your life immeasurably.**

McAfee VirusScan Plus with SiteAdvisor helps you avoid online dangers and also protects your PC from malicious activity. This security service offers anti-virus and anti-spyware technology, and includes a firewall to protect what you value. McAfee SiteAdvisor safety ratings help you avoid unsafe websites. Improved performance allows this essential and proactive software to protect you without disturbing your online experience.

### 6-in-1 Prevention and Protection

**Safe Search, Safe Surf.** McAfee SiteAdvisor adds ratings to websites to help you avoid online dangers.

**Stops Viruses.** Blocks and removes viruses and even stops them before they get to your PC.

**Stops Hackers.** Protects and conceals your computer from hackers.

**Blocks Spyware.** Blocks spyware before it installs on your computer and removes existing spyware.

**Home License Subscription Service.** Automatically delivers the latest software

features and threat updates and lets you easily manage security subscriptions for all your PCs.*

**Improves PC Health.** Cleans clutter off your computer so it stays healthy and secure.

*An Internet connection is required to receive the latest version of the software and all updates and upgrades.

### Safe Search & Surf with McAfee SiteAdvisor

McAfee SiteAdvisor is a unique, award-winning tool that provides easy, "at a glance" web safety ratings that help you avoid adware, spyware, spam, online scams and identity theft "phishing" sites as you search, browse and shop online.

### Simplifies Security With One-Click Interface

McAfee® SecurityCenter™ makes security simple. With a click, you can view your protection status. You can also check for updates and easily fix potential security issues.

McAfee SecurityCenter is an intuitive and easy-to-use security console.

## McAfee – Security Service

McAfee's security subscription service continuously delivers the latest software so your protection is never out-of-date. You can now easily add and manage security for multiple PCs in your home. Moreover, improved performance allows it to protect, without disturbing you.
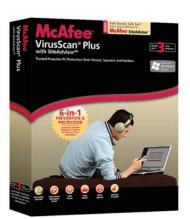

## Additional Benefits

**Redesigned for You.**  Scan your computer, check for updates and configure your security settings using the McAfee SecurityCenter. This essential, easy-to-use program gives you one-click access to your computer's security information.

**Always On, Always Protecting.**  24/7 virus and threat protection from McAfee® Avert® Labs continuously monitors worldwide virus activities and provides immediate anti-virus protection and removal solutions.

**Always Upgrading, Always Updating.**  Daily updates are installed automatically. When new versions are available, you get them automatically at no charge during your subscription, ensuring that you always have up-to-date protection.

**Convenient, Ongoing Protection.**  McAfee offers a variety of renewal options to keep your McAfee protection current.

**Real People, Real Help for Free.**  Our team of experts are available 24/7 via Internet chat at: www.mcafeehelp.com
