VirusScan Plus 2009

Essential, Easy-to-Use PC Protection with Powerful
Web Security Advisor
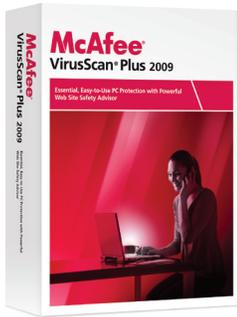

With the daily emergence of new and more sophisticated Internet threats that could disrupt your digital life, you need more than a simple anti-virus program to protect yourself, your computer, and your identity. You need McAfee® VirusScan® Plus 2009—essential, feature-rich, and simple-to-use security software.

New Product Features for 2009

NEW! QuickScan—Checks for threats in the areas of your computer that are most often attacked

NEW! Simplified Set-up—Installation is now easier and faster with improved detection and with removal of malware that tries to halt the set-up

NEW! Friendly Alerts—Provides you with easy to understand alerts regarding your protection

Key Product Highlights

• **Two-way Firewall Protection**—Confidently use the Internet 24/7 knowing hackers can't get access to your PCs

• **Anti-virus/Anti-spyware**—Detects, blocks, and removes viruses, spyware, and adware

• **Anti-phishing**—Alerts you to web sites that may try to steal your identity

• **McAfee SiteAdvisor®**—Warns with color-coded ratings about unsafe web sites

When using popular search engines, McAfee SiteAdvisor's safety ratings appear next to your search results. To see more information about the web site, roll your mouse over any SiteAdvisor safety rating.

Other Product Features

- **McAfee SecurityCenter**—Provides an easy-to-read security status screen and puts you in control with fully customizable options

- **McAfee SystemGuards**—Warns you when your computer shows specific behaviors that may signal virus, spyware, or hacker activity

- **Stealth Mode**—Makes your computer invisible to intruders from the Internet

- **Shredder**—Allows you to effectively remove any and all traces of confidential files from your computer

- **Protection without Interference**—You can watch movies or play games uninterrupted as McAfee security service intelligently defers tasks, updates, and alerts when you're in full-screen mode

Easy-to-use, intuitive "security console"

Note: An Internet connection is required to install this security software and to receive automatic updates and upgrades to keep your protection current.
