## AntiVirus, Firewall & AntiSpyware

### Essential PC Protection

With the wide variety of viruses, hackers and blended threats lurking on the Internet today, you need more than a simple anti-virus program to keep your PC and files secure.

McAfee VirusScan Plus AntiVirus, Firewall & AntiSpyware is the essential combination of protection to combat and defeat even the most sophisticated attacks. Surf the Web and download files safely knowing McAfee shields your computer around the clock.

### 3-in-1 Protection

McAfee VirusScan Plus is 3-in-1 protection from viruses, hackers and spyware that you can trust. Relax knowing that you always have the latest protection updates, software upgrades and enhancements delivered to you automatically. With McAfee you always have the most up-to-date protection.

**Stops Viruses.** Automatically blocks, cleans, and removes viruses so you can surf the Web the safely. Cleans files, e-mails, Internet downloads and instant messaging attachments, and prevents the spread of viruses to co-workers, friends and family.

**Blocks Spyware.** McAfee also blocks spyware before it can install on your computer, and removes existing spyware. Secure your identity and privacy – while also keeping your PC from getting clogged with unnecessary programs and files.

**Stops Hackers.** McAfee VirusScan Plus protects and conceals your computer from hackers so you can connect to the Internet safely. The built-in firewall automatically denies Internet access to malicious applications, while allowing trusted programs to connect without unnecessary alerts or false alarms. In addition, you are fully integrated with Hackerwatch.org, an anti-hacking database that provides additional tools and resources on hacker activities.

### Simplifies Security With One-Click Interface

The new McAfee® SecurityCenter makes security easy. With one-click, you can view your protection status. You can also check for updates and fix potential security issues.

**Simply Designed For You.** McAfee SecurityCenter is the most intuitive and easy to use security console.

### Safe Searching With McAfee® SiteAdvisor™

In addition to 3-in-1 protection, you get McAfee SiteAdvisor's Web safety ratings, which help you stay safe from adware, spyware, spam and online scams as you search, browse and shop online.
