

McAfee® Internet Security Suite

Enjoy a Worry Free Online Experience

With the increase in viruses, spyware, hackers, e-mail scams, online predators and other online attacks, it's more important than ever to protect you and your family. You need an easy way to protect your PC, files, identity, and online experience.

McAfee Internet Security Suite is the protection you need to keep you and your family safe when surfing the Web, shopping, banking, playing games and enjoying other online activities. McAfee Internet Security Suite also allows you to back up your files, and restore lost or corrupted data. Get the confidence you need knowing McAfee shields your PC around the clock.

8-in-1 Protection

McAfee Internet Security Suite is 8-in-1 protection for your PC, important files, identity and online experience. Relax knowing that you always have the latest protection updates, software upgrades and enhancements automatically delivered to you.

Stops Viruses. Automatically blocks, cleans, and removes viruses so you can surf the Web and download files.

Blocks Spyware. Blocks spyware before it can install on your computer, and removes existing spyware.

Stops Hackers. Protects and conceals your computer from hackers so you can surf the Internet safely.

Improves PC Performance. Cleans clutter off your computer to keep it healthy and running smoothly.

Backs Up & Restores Files. Automated backup and one-click restore ensures that you don't lose photos, music and important files.

Secures Your Identity. Protects your online identity so you can shop, bank, e-mail and instant message worry free.

Prevents Spam & E-mail Scams. Prevents spam and phishing scams so you can e-mail friends and family safely.

Protects Children Online. Filters offensive content, pictures and Web sites so you can keep your children safe when online.

Simplifies Security With One-Click Interface

The new McAfee® SecurityCenter makes security easy. With one-click, you can view your protection status. You can also check for updates and fix potential security issues.

Simply Designed For You. McAfee SecurityCenter is the most intuitive and easy to use security console.

Safe Searching With McAfee® SiteAdvisor™

In addition to 8-in-1 protection, you get McAfee SiteAdvisor's Web safety ratings, which help you stay safe from adware, spyware, spam and online scams as you search, browse and shop online.

McAfee®

McAfee – Always On, Always Protecting

When you install, you are subscribing to the most up-to-date security software delivered to you by McAfee's patented Security as a Service (SaS™) technology.

Always Upgrading, Always Updating

Daily threat protection and updates are delivered to you 24/7 from McAfee's world-class research center, McAfee® Avert® Labs. Free software upgrades and enhancements are provided as long as your subscription is active.

Convenient, Ongoing Protection

McAfee offers a variety of renewal options to keep your McAfee protection current.
