

# McAfee® Total Protection

## Peace of Mind for Your Entire Family

Today, the variety of threats to your PC, files and online identity is bewildering. Viruses, spyware, hackers, spam and e-mail scams, online predators, identity thieves and wireless network intruders all pose threats to the safety of you and your family.

McAfee Total Protection is the final word in PC security. It provides comprehensive and complete security when you're online, no matter whether you're wired or wireless, surfing the Web or playing games, using e-mail, shopping or banking.

### Most Complete Security 10-in-1 Protection

McAfee Total Protection offers the most complete protection and peace of mind for your entire family. Relax knowing that you always have the latest protection updates, software upgrades and enhancements automatically delivered to you.

**Stops Viruses.** Automatically blocks, cleans, and removes viruses so you can surf the Web and download files.

**Blocks Spyware.** Blocks spyware before it can install on your computer, and removes existing spyware.

**Stops Hackers.** Protects and conceals your computer from hackers so you can surf the Internet safely.

**Improves PC Performance.** Cleans clutter off your computer to keep it healthy and running smoothly.

**Backs Up & Restores Files.** Automated backup and one-click restore ensures that you don't lose photos, music and important files.

**Secures Your Identity.** Protects your online identity so you can shop, bank, e-mail and instant message worry free.

**Prevents Spam & E-mail Scams.** Prevents spam and phishing scams so you can e-mail friends and family safely.

**Protects Children Online.** Filters offensive content, pictures and Web sites so you can keep your children safe when online.

**Eliminates Network Hassles.** Monitors PCs across your network for security weaknesses, and easily lets you share files and printers.

**Protects Your Wireless Network.** Blocks hackers from attacking your Wi-Fi® network and stealing personal information, so you can safely connect.

### Simplifies Security With One-Click Interface

The new McAfee® SecurityCenter makes security easy. With one-click, you can view your protection status. You can also check for updates and fix potential security issues.

**Simply Designed For You.** McAfee SecurityCenter is the most intuitive and easy to use security console.

### Safe Searching With McAfee® SiteAdvisor™

In addition to 10-in-1 protection, you get McAfee SiteAdvisor's Web safety ratings, which help you stay safe from adware, spyware, spam and online scams as you search, browse and shop online.

# McAfee®

## McAfee – Always On, Always Protecting

When you install, you are subscribing to the most up-to-date security software delivered to you by McAfee's patented Security as a Service (SaS™) technology.

### Always Upgrading, Always Updating
